# Mohammad Ejaz Mehendi

ejazmehendi123@gmail.com — +91-9021712237 — GitHub — LinkedIn

## Profile

Full Stack Developer with hands-on experience in React.js, Node.js, Express.js, and MongoDB. Strong foundation in Data Structures and Algorithms with 200+ problems solved on LeetCode. Experienced in REST APIs, JWT authentication, database-driven applications, and real-time web applications. Seeking opportunities to build scalable and production-ready software solutions.

## Technical Skills

- **Languages:** Java, Python, JavaScript (ES6+), SQL
- **Frameworks & Tools:** React.js, Node.js, Express.js, Git, GitHub, Postman
- **Databases:** MongoDB, Mongoose, MySQL, Supabase
- **Other:** REST APIs, JWT Authentication, Socket.IO, Cloud Computing

## Experience

**Syntexchub** **Jun 2026 – Present**

*Full Stack Developer Intern*

- Completed internship training in Java Programming and full-stack web development.
- Developed a Bank Account Management System using Node.js, Express.js, MongoDB, and JWT authentication.
- Implemented secure REST APIs, JWT refresh tokens, MongoDB transactions, protected routes, and real-time updates using Socket.IO.

## Projects

**Qstream – Micro-Learning Platform** GitHub

*React.js, Node.js, MongoDB, JWT, Socket.IO*

- Developed a micro-learning platform with modules, quizzes, progress tracking, learning streaks, achievements, and personalized learning features.
- Integrated AI-powered learning assistance and designed REST APIs for authentication, modules, quizzes, progress, and user management.

**Bank Account Management System** GitHub

*React.js, Node.js, MongoDB, JWT, Socket.IO*

- Developed a secure banking application with JWT authentication, refresh tokens, protected REST APIs, and transaction management.
- Used MongoDB transactions for atomic balance updates and Socket.IO for real-time transaction notifications.

**Unified Student Placement System** GitHub

*React.js, Node.js, Supabase, JWT, Socket.IO*

- Developed a student placement platform to manage student profiles, placement activities, job opportunities, and application tracking.
- Integrated Supabase for database management and backend services to organize student and placement-related information.

## Education

**Ramdeobaba University** **2024 – 2028**

B.Tech in Computer Science and Engineering CGPA: 9.36

## Certifications

- AWS Cloud Solutions Architect – Coursera
- Meta React Native Developer – Coursera
- TCS iON Career Edge – Generative AI Essentials
- Fundamentals of Deep Learning – NVIDIA

## Achievements

- Solved **200+ DSA problems** on LeetCode.
- Earned **Problem Solving (Basic)** skill certification from HackerRank.
- Participated in **Techfest IIT Bombay**.
